

TSC
DA Series

Direct Drive Screw Air
Compressor

75-250 kW
7.5 - 10 bar
12,30 - 43.40 m³/min

Options

Inverter

Softstarter , eliminates the currents peak value

60 Hz electric engine

Full&easy controlling via PLC

Direct Drive Screw Air Compressor

Technical Data

MODEL TYPE	Operation Pressure BAR	Capacity			Motor Power		Dimensions WxLxH mm
		l/sn	cfm	m ³ /min	HP	kW	
TSC 75 DA	7,5 10	198 175	420 371	12,30 10,80	100	75	1200x2400x1720

TSC 250 DA	7,5 10	708	1503	43,40	340	250	1800x2750x1940

Technical Properties

Unique leveled lubricant injected screw set
 Noiseless and vibration-free operating via direct drive system
 Frequency Control (optional)
 High Efficiency
 User Friendly Control Panel

Advantages

Easy Maintenance
 High Efficiency
 Elastomeric Coupling
